		<u>Payment Terms:</u> Item 1-3: - 100% Prepayment with Order <u>Scheduling of Services:</u> As soon Order will be received and payments programmed, the scheduling with all the customer's departments involved (Lab and Process) will start for determining the available dates for performing such services at your facilities on the best manner. Based on Programmed Jobs of our technicians, our service department will inform and match best availability of dates with your company for doing Travel arrangements ASAP.		
		<u>Service Notes</u> Note #1: For Process instruments is necessary to have stopped the production lines before the on-site job. This must be coordinated with at least 7 (SEVEN) days of anticipation. Note #2: - The working service days (hours of service) will start when Technician arrives to Customer facilities and will end when leaves such facilities. - A Report of Daily Hours at customer's facilities with corresponding signatures of personnel involved will be provided at the end of the job. This Report will be used for supporting any differences with Original estimates. - If additional service days are required, it will be billed to the Customer at mentioned fixed rates of labor hours and travel expenses - Security induction procedures and/or waiting time for allowing personnel to access the Plant/Laboratory/Process area will be done during working hours of service. - Our personnel should be allowed to use bathroom and food area under Customer's conditions. - In case the Customer would like to take care of Lodging (hotel must be 3 stars+ with Wi-Fi and breakfast included) and Transportation. Any additional travel expenses will be reimbursed by Customer - Any special safety equipment and/or accessory must be supplied by Customer at site for all personnel involved.
